19 December 2007

Dear Paul

DATA REPORTING UNDER THE ENVIRONMENTAL NOISE DIRECTIVE 2002/49/EC

Further to the Commission's letter of 24 October (copy attached for ease of reference), I attach a response enclosing the completed electronic templates designed to assist Member States in fulfilling their reporting requirements under Article 10 (2) of the Environmental Noise Directive (2002/49/EC).

I would be grateful if you could arrange for this to be forwarded to the Commission by 31 December. I have sent a side copy of the completed reporting mechanism templates to the Commission's environmental noise e-mail address as requested in the Commission's letter.

Please note that for Scotland we have used the country code GB_S_DF as advised by Defra.

Defra and The Devolved Authorities in Wales and Northern Ireland will be reporting their data separately.

Yours sincerely

Linda Story

DRAFT LETTER FOR UKREP TO SEND TO THE SECRETARIAT GENERAL

DATA REPORTING UNDER THE ENVIRONMENTAL NOISE DIRECTIVE 2002/49/EC

As required in Article 10(2) of the Environmental Noise Directive 2002/49, I am pleased to attach the information from the strategic noise maps drawn up for Scotland. The results have been inserted into the reporting mechanism templates provided by the Commission.

An electronic version of the templates has been sent direct to DG-Environment. Defra, Wales, and Northern Ireland will be reporting separately.
